

Mnemosyhum

2023-24

ST. ANN'S PUBLIC SCHOOL, ELOOR

From the Editorial Board

A perennial river knows no ending, so do our souls. Magical waves of memories get buried in them, blanketing the eclipses of our life making it impossible to retrieve them independently. Despite our daily life struggles, we are incessantly searching for ways to make memories immersed in immortality. The school magazine serves as a vibrant showcase of our school's diverse talents, achievements and community spirit. Through engaging articles, captivating photos and creative artwork, the magazine "Mnemosynum" celebrates the accomplishment of our students highlighting noteworthy events and offers insight into the academic, cultural and extra curricular events that took place in this academic year. With each issue, we aim to inform, inspire and entertain our readers while capturing the essence of our school's unique identity and spirit. We express our deepest gratitude to the Management, the Principal, the staff, the students, the parents and all the stakeholders who collaborated the editorial board members with obliging hearts.

Thank you
